Form 5: School Monitoring form (v. 2.0)

Question	Response

Contact info

1. Name of interviewee _____

2. Gender of interviewee

Male_____
Female_____

3. Position of interviewee

Head teacher or director_____
Teacher_____

4. Telephone contact of interviewee _____

School Info

5. What is the total enrolment in the school? _____
6. Total number of Boys enrolled in the school _____
7. Total number of Girls enrolled in the school _____
8. What is the regular number of staff in the _____

Water Access

9. Is there an improved water source that serves the school?

Yes - School has its own improved water source__
Yes- School shares with a community improved wa
No - School does not have access to an improved

nded Yes - School has its own improved water source|Yes- School shares with a community imp

10. What is the type of improved water source ?

Shallow well_____
Deep Borehole_____
Protected Spring_____
Tapstand_____

Only answer if you responded Yes - School has its own improved water source to Q9

11. Take a photo of the water facility _____

Only answer if you responded Yes - School has its own improved water source to Q9

12. What year was the water facility constructed? _____

Only answer if you responded Yes - School has its own improved water source to Q9

13. Who funded the construction of the water

Government_____
NGO_____
Community , church and/or school_____
Politician_____

Only answer if you responded Yes - School has its own improved water source to Q9

14. Has the water facility ever been rehabilitated?

Yes_____
No_____

Only answer if you responded Yes to Q14

15. In which year was the water point _____

Only answer if you responded Yes to Q14

16. Who funded the water point rehabilitation?

Government_____
NGO_____
Community, church and/or school_____
Politician_____

Only answer if you responded Yes - School has its own improved water source to Q9

17. Is this water point commonly used by

Often_____
Sometimes_____
Rarely_____
Never_____

Sanitation

18. Does the school have any sanitation facilities?

Yes_____
No_____

19. What type of sanitation facilities are present?

Traditional pit latrine_____
VIP latrine_____
Pour Flush toilet_____
Flush toilet_____
Ecosan toilet (UDDT)_____
Composting Toilet_____

20. New question - please change name _____

21. What is the status of the sanitation facilities?

Functioning - in use_____
Functioning - not in use_____
Non functioning_____
Abandoned_____

22. Photo of the functioning sanitation facilities _____

23. In total, how many functioning stances are for _____

24. In total, how many functioning stances are for _____

25. Is there a sanitation facility accessible to

Yes_____
No_____

26. In what year was the latest (MOST RECENT) _____

27. OBSERVE: What condition are the

Good and well-raised wall with roof and door_____
Medium - walls are decent, semi permanent door a
Poor - short wall, poor or no door_____

28. OBSERVE: What condition are the

Good - No cracks or gaps_____
Medium - some minor cracks_____
Bad - dangerous to stand on_____
Could not observe latrine_____

29. OBSERVE: Is the floor/slab washable?

Yes_____
No_____

30. OBSERVE: Is there urine/feces on the

Yes_____
No_____
Could not observe_____
